Internationale Gesellschaft für Elektrosmog-Forschung IGEF Ltd.
International Association for Electrosmog-Research IGEF Ltd.

CERTIFICATION

This is to certify that E-Protect Card has been tested by IGEF Laboratory. Biophysical examinations by IGEF show that the use of

E-Protect Card

during periods of unhealthy stress caused by electromagnetic radiation leads to detectable improvement in heart rate variability, as well as cardiovascular and nervous system processes.

This certificate expires on October 31, 2016.

October 31, 2015

Wulf-Dietrich Rose
Präsident der Internationalen Gesellschaft für Elektrosmog-Forschung IGEF Ltd.
